WALKER, Thomas T.
Class of 1961
Captain

- known as a tough competitor and full of spirit
- killed on 7 April 1966 as a B-57 navigator when his plane struck trees as he attempted to pull off a target on a bomb run near Laos and crashed
- had been injured on another mission on 25 February 1966 when his RB-66 was struck by hostile fire and was forced to eject over water, where he was rescued
- participated in "Operation Dominic"--a joint Department of Defense Atomic Energy Commission nuclear test series in the Pacific in order to keep US defensive arsenal adequate for protection (compared to the former USSR)
- as a cadet, served as a cadet squadron supply officer
- posthumously awarded 1 DFC, 1 BSM, 1 AM, 1 PH
- name is on the USAFA War Memorial

Bullets compiled by Heather Beer, Association of Graduates intern, Summer 2005.
