1Lt Adams, Lee Aaron 19 April 1966

F-105D 62-4330 333 TFS, 355 TFW. USAF, Takhli

1Lt Lee Aaron Adams (K1A)

The 19th proved to be another costly day for the Air Force and Navy in Southeast Asia. The first aircraft lost on this day was one of a flight of four F-l05's that crashed as it was strafing a truck near Van Loc, 40 miles north of the DMZ. No ejection or parachute was seen and it was assumed that Lt Adams died in the crash, which was caused either by ground fire or by flying into the ground.

Narrative author: Charles Louis Weinert, USAFA 1969. He compiled the information from the AOG Register of Graduates and fellow graduates as well as excerpts from Vietnam Air Losses by Chris Hobson, Midland Publishing. Sent by Charlie to the AOG in 2000.
