

TO HONOR

WILLIAM AND DOROTHY FENHAGEN

William Fenhagen was a civil service employee for many years in the Electrical Engineering Department at the U. S. Naval Academy. His service there was interrupted by his service in the Navy as a Chief Petty Officer during World War II. In 1955 he transferred from the U. S. Naval Academy to service with the new U. S. Air Force Academy in the Department of Physics where he worked until his retirement in 1971 after forty years of outstanding and faithful service. He was married to his late wife, Dorothy, for 59 years and they left five children, thirteen grandchildren and six great grandchildren.

By Colonel John C. Foster, USAF (Ret)
