TO HONOR

EDWARD DEMENT

Stalag Luft III POW, Staff Sergeant Ed Dement, the mailman for Center Compound, was a B-24 nose and top turret gunner. He joined the American Ex-POW Organization in 1982 and became Sergeant at Arms. In 2002, he was elected Florida's State Commander. In 2004, he was elected as National Director-South East region, and as such, he visited five southern states, solving problems for those chapters. His success with increasing memberships and organizing new chapters led to his 2013 election as Junior Vice-Commander, giving him a position on the Executive Board. In 2014 he was elected as Senior Vice President, and in 2015 was elected as National Commander. Ed served twenty-six years as a volunteer at the VA hospital in Tampa, Florida, and from 2007 to the present, he was Committee Chairmen of the "Victory from Within" traveling museum. Ed serves as a National Museum and Cemetery Trustee for the Friends of Andersonville.
