Sustained By The
Power Of His
Knowledge*

TO HONOR

PEGGY LITWHILER

Peggy has been an exemplary volunteer for the Academy's McDermott Library for over 45 years, primarily volunteering in the Clark Special Collections archives and serving as a longtime member of the Board of Directors of The Friends. During this period, Peggy was essential to archiving the massive Gimbel Collection, reading through boxes of newspapers to discover their relevance to flight, creating a "Finding Aid" for researchers to identify photographs by year and by topic, and assisting in the creation of the Genesis of Flight book. As a Friends Board member, besides providing sage advice, Peggy planned many of the Board meetings and managed the Clark-Yudkin Fellowship program advertising/recruiting, travel and expense negotiations, and receptions/farewells for visiting scholars. A humble woman of grace and initiative, she loved working with library personnel and for the opportunity to learn about the history of flight in such a personal way.

Hard-working, Committed, and Essential
